

### **Erratum: correction to Section 7.1.1 of the 2017-18 State of the Industry Report**

Section 7.1.1 of the 2017-18 State of the Industry Report presents information from TasWater on the number of water and sewerage customers paying below the relevant water and/or sewerage target tariffs. The Report states that, as at 30 June 2018:

- 90.5 per cent of water customers were paying the target tariff and 9.5 per cent were paying below the target tariff; and
- 85.5 per cent of sewerage customers were paying the target tariff and 14.5 per cent were paying below the target tariff.

After the release of the Report, TasWater advised that the information was incorrect and has provided the following information as at 30 June 2018:

- 97.4 per cent of water customers were paying the target tariff and 2.6 per cent were paying below the target tariff (5 592); and
- 97.0 per cent of sewerage customers were paying the target tariff and 3.0 per cent were paying below the target tariff (5 571).

TasWater has advised that, in total, 6 887 customers were paying below the target tariffs as at 30 June 2018.
