

OFFICE of the
TASMANIAN
ECONOMIC
REGULATOR

Notice of intention to make a price determination after conducting a water and sewerage price determination investigation

The *Water and Sewerage Industry Act 2008* requires the Tasmanian Economic Regulator to make a price determination that applies to a regulated entity in respect of regulated water and sewerage services.

Before the Economic Regulator makes a price determination, the *Water and Sewerage Industry (Pricing and Related Matters) Regulations 2011* require the Economic Regulator to conduct a price determination investigation to gather information to assist the Economic Regulator in making a price determination. The price investigation will commence on 1 July 2021 and the price determination will be made on or before 29 April 2022.

The price determination will take into account information provided by TasWater in its proposed price and service plan which is to relate to a regulatory period of four years commencing on 1 July 2022 and ending on 30 June 2026.

The Economic Regulator will publish a draft report and a draft of the proposed price determination by 3 December 2021.

Written submissions (preferably by email) on the draft report and the draft of the proposed price determination can be made to the Economic Regulator during a consultation period that ends on 28 January 2022.

TasWater's proposed price and service plan and the Economic Regulator's draft report, and draft of the proposed price determination will be available on the Economic Regulator's website: www.economicregulator.tas.gov.au.
