Dear Mr Chan

Proposed Changes to Tasmanian Gas Retail Code

Aurora Energy has reviewed the proposed changes to the Tasmanian Gas Retail Code as outlined in the Tasmanian Economic Regulator's Consultation Notice issued 17 August 2017. Aurora Energy supports both of the amendments outlined, specifically the changes to the account cycle and annual return provisions.

These amendments are consistent with those proposed by Aurora Energy following the independent appraisal of its Gas Retail Compliance Plan. In addition to these proposed amendments, it is noted that Aurora Energy's proposed update to the definitions in the Gas Retail Code to reflect the current Australian Standard for Compliance is administrative in nature, and as such can be updated without forming part of a Consultation Notice.

If you have any queries in relation to this submission, please contact Hayden Moore, Manager Regulatory & Policy on 6237 3119 or via email: hayden.moore@auroraenergy.com.au .

Yours sincerely
