Dear Mr Nichols

### **SURRENDER OF ELECTRICITY GENERATION LICENCE**

Thank you for your letter of 23 February 2009 in which you request the surrender of the electricity generation licence held by Blowing in the Wind Pty Ltd, and confirm that the primary function of the generation plant is to generate power for use at the site of Nichols Poultry Farm.

I accept the surrender of the licence effective 17 March 2009, on the basis that the generator has a capacity below the exemption threshold (5MW or less) and its primary function is not generating electricity for sale.

I confirm that the surrender of the licence does not affect the ability of Blowing in the Wind to continue to operate the generation plant.

Yours sincerely

Glenn Appleyard
