Mr Cameron Matthews
Director Corporate Services
Launceston General Hospital
Charles Street
Launceston TAS 7250

Dear Mr Matthews

SURRENDER OF ELECTRICITY GENERATION LICENCE

Thank you for your letter of 13 March 2009 in which you request the surrender of the electricity generation licence held by the Launceston General Hospital and confirm that the primary function of the generation plant is to generate power for use at the site of the Hospital.

I accept the surrender of the licence effective 19 March 2009, on the basis that the generator has a capacity below the exemption threshold (5MW or less) and its primary function is not generation of electricity for sale.

I confirm that the surrender of the licence does not affect the ability of the Launceston General Hospital to continue to operate the generation plant.

Yours sincerely

Glenn Appleyard
REGULATOR

19 March 2009
