Commissions of Inquiry

Tasmania

Commissions of Inquiry Act 1995

Section 4

ORDER

RECOGNISING the unique nature of military service, and the ongoing impact such service may have on the physical and mental health of defence members and veterans.

AND that as a community Australians value the contribution and sacrifice made by defence members and veterans in their service, and the sacrifice of their families.

AND that every death by suicide is a tragic event, and that there is an overrepresentation of defence and veteran deaths by suicide in Australia, and that this overrepresentation should be acknowledged and understood to ensure that learnings are made and to prevent future deaths by suicide.

AND the critical role played by, and broad concept of, families, carers, friends and others as the support network for defence members and veterans.

AND that government and non-government organisations including the Australian Defence Force (the ADF), the Department of Veterans' Affairs, ex-service organisations and the health care system provide important services (including mental health support services) and support for defence members, veterans and their families that are beneficial to wellbeing and whole-of-life care.

AND that Australia as a nation must take action to examine and expose all systemic issues and risk factors related to suicide, and implement actions to address the systemic issues and risk factors exposed.

AND that hearing from defence members, veterans, their families and others about their individual experiences will be a central contribution to your inquiry and these experiences can inform best-practice, strategies and reforms and can assist in prevention and healing.

AND all Australian Governments have expressed their support for, and undertaken to cooperate with, your inquiry.

AND that your independent inquiry, including its findings and recommendations, will provide a foundation for the future work of the National Commissioner for Defence and Veteran Suicide Prevention.

NOW THEREFORE I, the Governor in and over the State of Tasmania and its Dependencies in the Commonwealth of Australia, acting with the advice of the Executive Council, being satisfied that it is in the public interest and expedient to do so, by this my order made under Section 4 of the *Commissions of Inquiry Act 1995* (Tas):

1. direct that an Inquiry be made into defence and veteran death by suicide;
2. establish a Commission to conduct and report, with such recommendations as it considers appropriate, on the Inquiry;
3. appoint:
Mr Naguib Kaldas APM,
The Honourable James Sholto Douglas QC,
Dr Peggy Brown AO
as members of the Commission; and
4. appoint Mr Naguib Kaldas APM as President of the Commission.

AND I require and authorise you to inquire into the following matters:

- a. systemic issues and any common themes among defence and veteran deaths by suicide, or defence members and veterans who have other lived experience of suicide behaviour or risk factors (including attempted or contemplated suicide, feelings of suicide or poor mental health outcomes);
- b. a systemic analysis of the contributing risk factors relevant to defence and veteran death by suicide, including the possible contribution of pre-service, service (including training and deployments), separation, transition and post-service issues, such as the following:
 - i. the manner or time in which the defence member or veteran was recruited to the ADF;
 - ii. the relevance, if any, of the particular branch, service or posting history, or the rank of the defence member or veteran;
 - iii. the manner or time in which the defence member or veteran transitioned from the ADF or transitioned between service categories;
 - iv. the availability, accessibility, timeliness and quality of health, wellbeing and support services (including mental health support services) to the defence member or veteran, and the effectiveness of such services;
 - v. the manner and extent to which information about the defence member or veteran is held by and shared within and between different government entities;
 - vi. the reporting and recording of information, relevant to the mental and physical health of defence members and veterans, at enlistment and during and after service;

- c. impact of culture within the ADF and the Department of Defence and the Department of Veteran's Affairs on defence members' and veterans' physical and mental wellbeing;
- d. the role of non-government organisations, including ex-service organisations, in providing relevant services and support for defence members, veterans, their families and others;
- e. protective and rehabilitative factors for defence members and veterans who have lived experience of suicide behaviour or risk factors;
- f. any systemic issues in the current availability and effectiveness of support services for, and in the engagement with, families and others:
 - i. affected by a defence and veteran death by suicide; or
 - ii. who have supported a defence member or veteran with lived experience of suicide behaviour or risk factors;
- g. any systemic issues in the nature of defence members' and veterans' engagement with the Department of Defence, the Department of Veterans' Affairs or other Commonwealth, State or Territory government entities (including those acting on behalf of those entities) about support services, claims or entitlements relevant to defence and veteran deaths by suicide or relevant to defence members and veterans who have other lived experience of suicide behaviour or risk factors, including any systemic issues in engaging with multiple government entities;
- h. the legislative and policy frameworks, administered by the Department of Defence, the Department of Veterans' Affairs and other Commonwealth, State or Territory government entities, relating to the support services, claims and entitlements referred to in paragraph (g);
- i. any systemic risk factors contributing to defence and veteran death by suicide, including the following:
 - i. defence members' and veterans' social or family contexts;
 - ii. housing or employment issues for defence members and veterans;
 - iii. defence members' and veterans' economic and financial circumstances;
- j. any matter reasonably incidental to a matter referred to in paragraphs (a) to (i) or that you believe is reasonably relevant to your inquiry.

AND I direct you to make any recommendations arising out of your inquiry that you consider appropriate, including recommendations about any policy, legislative, administrative or structural reforms.

AND, without limiting the scope of your inquiry or the scope of any recommendations arising out of your inquiry that you may consider appropriate, I direct you, for the purposes of your inquiry and recommendations, to have regard to the following matters:

- k. the findings and recommendations of previous relevant reports and inquiries (including relevant coronial inquiries, the Productivity Commission *A Better Way to Support Veterans* inquiry (2019), and other relevant Royal

Commissions and commissions of inquiry), including any assessment of the adequacy and extent of implementation of those recommendations;

- l. the work of, and any relevant information and data provided to you by, the interim National Commissioner for Defence and Veteran Suicide Prevention or the National Commissioner for Defence and Veteran Suicide Prevention;
- m. the support available to members of the defence forces of other countries and veterans of such defence forces, particularly in Canada, New Zealand, the United Kingdom, and the United States of America;
- n. ways in which government and non-government organisations and the community could:
 - i. address systemic risk factors relevant to defence and veteran death by suicide; and
 - ii. better protect and support vulnerable defence members and veterans;
- o. desirable support services for, and engagement with, families and others affected by defence and veteran death by suicide or who have supported a defence member or veteran with lived experience of suicide behaviour or risk factors;
- p. opportunities to promote understanding of suicide behaviour and risk factors, and protective factors, within the ADF and veteran communities, and the broader Australian community.

AND I further declare that you are not required by this Order to inquire, or to continue to inquire, into a particular matter to the extent that you are satisfied that the matter has been, is being, or will be, sufficiently and appropriately dealt with by another inquiry or investigation or a criminal or civil proceeding.

AND I further declare that you are not required by this Order to make findings on the manner or cause of death in relation to a particular defence and veteran death by suicide.

AND, without limiting the scope of your inquiry or the scope of any recommendations arising out of your inquiry that you may consider appropriate, I direct you, for the purposes of your inquiry and recommendations, to consider the following matters, and I authorise you, as you consider appropriate, having regard to the date by which you are required to submit your final report, to take (or refrain from taking) any action arising out of your consideration:

- q. the need to establish accessible and appropriate trauma-informed arrangements for the following people to engage with your inquiry and to provide evidence to you, and share information with you, about their experiences, recognising that some people may not wish to share their experiences:
 - i. defence members and veterans with lived experience of suicide behaviour or risk factors;

- ii. families and others affected by defence and veteran death by suicide, or who have supported a defence member or veteran with lived experience of suicide behaviour or risk factors;
- r. the need to focus your inquiry and recommendations on systemic issues, recognising nevertheless that you will be informed by individual experiences and may need to make referrals to appropriate authorities;
- s. the need to establish mechanisms to facilitate the timely communication of information, or the furnishing of evidence, documents or things, in accordance with section 34A of the *Commissions of Inquiry Act 1995* or any other relevant law, including, for example, for the purpose of enabling the timely investigation and prosecution of offences;
- t. the need to ensure that evidence that may be received by you that identifies particular individuals as having been subject to inappropriate treatment is dealt with in a way that does not prejudice current or future criminal or civil proceedings or coronial inquiries or other contemporaneous inquiries;
- u. the need to establish appropriate arrangements in relation to current and previous inquiries, in Australia and elsewhere, for evidence and information to be shared with you in ways consistent with relevant obligations so that the work of those inquiries, including, with any necessary consents, the testimony of witnesses, can be taken into account by you in a way that avoids unnecessary duplication, improves efficiency and avoids unnecessary trauma to witnesses;
- v. the need to recognise and appropriately protect any intelligence information or operationally sensitive information obtained by you;
- w. the need to establish appropriate arrangements with the heads of the relevant Australian intelligence entities for obtaining, storing, accessing, using, disclosing and returning intelligence information relating to an Australian intelligence entity.

AND I appoint you, Mr Naguib Kaldas APM, to be the President of the Commission.

AND I direct that the President be responsible for ensuring the effective, orderly and expeditious conduct of the inquiry in all its facets and, in discharging that responsibility, the President may give directions to other appointed Commissioners.

AND I declare that you are authorised to conduct your inquiry into any matter under this Order in combination with any inquiry into the same matter, or a matter related to that matter, that you are directed or authorised to conduct by any Commission, or under any order or appointment, made by the Governor-General of the Commonwealth of Australia or any of Our Governors of the States or by the Government of any of Our Territories.
